rescue laser™
emergency signaling devices 

Greatland Laser

safety and rescue products 

Over 20 years of fulfilling orders for resale to government agencies, corporate entities and individuals

**RUGGED
NON-FLAMMABLE
BUILT TO LAST A LIFETIME**

THE ULTIMATE PERSONAL SURVIVAL TOOL

Handheld, lightweight, waterproof... Rescue Laser™ Class 3R emergency laser signaling devices are the size of small flashlights. They project laser light through a special lens that can be seen up to 20 miles (red) or 30 miles (green) at night; daytime signaling up to 1 to 5 miles.

“Always be prepared. Always be found. Always come home.”

WHY GREATLAND LASER?

- Made in USA
- Competitive Pricing
- Environmentally Friendly
- **Quality...** our Rescue Laser™ emergency signaling devices are built tough to last a lifetime in all environments and conditions. We stand 100% behind our products, offer comprehensive warranties
- **Service...** we provide exceptional service and, as a small business, can react quickly to meet the needs of our customers
- **Reliability...** providing proven life-tested emergency laser signaling devices throughout the world since 2001

COMPANY BACKGROUND

Kim Erickson co-founded Greatland Laser in 1998. As an Alaskan company, our focus has always been on safety and survival in the outdoors. In a search and rescue situation, being seen can mean the difference between life and death. We are proud to offer a product that dramatically increases your odds of survival, which is why we believe and always say: **“Always be prepared. Always be found. Always come home.”**

PERFORMANCE HISTORY

- **Winslow Marine Products (subsidiary of Collins Aerospace)**
Supplied over 29,000 custom assemblies to date. The Rescue Laser Flare® has been included as standard equipment in Winslow LifeRaft Company Survival Kits since 2015
- **BoMarine (The Netherlands)**
Supplied 1,000 Rescue Laser Lights for Texco Swiss in 2021 and ongoing orders since 2009
- **Authorized Dealers**

“life-tested tough”
